

THE WILMINGTON CRUSADER

VOL. 21 NO. 46

WILMINGTON, MASS. - TUESDAY, NOVEMBER 26, 1958

PRICE 10¢

Eight months ago - the town appropriated \$1500.00 to repair the Fire-Police Station. Today - Nov. 25 - the building is in exactly the same condition as then, and Mr. Hagerty's temper is becoming more and more strained. Repeatedly, he has asked T. M. Calabrese to do something about it and as yet, nothing has been done.

One half of the garage is useless - the shoring holding the upper floor is directly in line of the door approach, making one bay of the garage useless.

Shown above are pictures taken yesterday at the Police-Fire station. Note the shoring holding the second floor up and the part of the ceiling which has fallen down. One picture shows the INTERROGATION room of the police department, through a jalousie of posts.

NOVEL V. F. W. SOCIAL

The V. F. W. Post 2458 will come up with a unique menu at their next social which will be held Saturday, Dec. 20, at the post quarters. The social will be under the supervision of Hank Filippone and the menu will consist completely of Mexican food.

The food preparation will be handled by Staff Sergeant Powell Van Komen, the Dutchman from Mexico, who not only will cook the food, but will serve it too.

The menu will be as follows: Enchiladas, Spanish Rice, Frijoles, Stuffed vinegar peppers, French bread, tossed salad and coffee or tea.

A full evenings entertainment will be planned, with drawings, door prize and raffles. Plan now to attend this social. There are no tickets to buy. Just attend and pay for your meal at the door. The public is invited.

FINED \$105.00

At Woburn Court on Nov. 22, Eugene J. Turczyn of Brentwood Ave., was found guilty of operating a motor vehicle while under the influence of liquor and he was fined \$100.00.

He was also found guilty of a drunkenness charge and was fined \$5.00 on the lesser count.

Officer Mercier prosecuted the case.

ACCIDENT ON WILDWOOD STREET

On Nov. 19, Charles Fish of Glen Rd., lost control of his car on Wildwood St., and hit a tree in the vicinity of the Grange Hall.

Only slight damage resulted from the accident which was investigated by Officer Ellsworth.

BUS STRIKES TRAFFIC BOX

The traffic box which is used in the square was the victim of a sneak attack by a McIntire School Bus on Nov. 21.

The police traffic box was standing in its usual position when not in use (to the right of the square near the traffic lights) when it was struck by the school bus which was being operated by Joseph Pazzano of Winn St., Woburn. The bus was empty at the time.

The operator escaped injury but extensive damage was inflicted upon the traffic box which has not been in use since the mishap.

Officer Cuoco investigated the incident.

SIDNEY KAISER ELECTED CHAIRMAN FOR MARCH OF DIMES

Mr. Sidney Kaiser of 7 Cottage Avenue, has been selected Chairman for the Middlesex County Chapter March of Dimes campaign in Wilmington for 1959.

He issued the following statement: 'The Middlesex County Chapter of the National Foundation has enthusiastically endorsed the organization's new health program. It means continued attention to the problems of polio, and new help in the attack on virus diseases, arthritis, and birth defects.'

The experience of The National Foundation has qualified it to undertake these new goals. Like polio, arthritis and birth defects are diseases that cripple and often keep their victims from normal, productive lives. Expanded research in virus diseases is expected to throw new light on many diseases, since the program will be sufficiently flexible to move in whatever direction research leads.

For 20 years The National Foundation has fought polio and brought about a preventive vaccine. With the encouragement and support of the American people, physicians also made great advances in helping repair the damage done by polio through rehabilitation. This experience will be useful in our new work.'

The chapter will continue to assist local polio patients who need help, the chairman added, and in time will develop a patient aid program for victims of arthritis and birth defects through 18 years of age.

The chapter will continue to conduct the March of Dimes campaign in January to assure financial support for the enlarged program.

TUBERCULIN TESTS FOR WILMINGTON SCHOOL CHILDREN

'Some 1100 Wilmington school students will have their Mantoux tuberculin tests early next month,' reports Mrs. Stanley Cummings, Wilmington Christmas Seal Chairman, First graders and all Wilmington High School students will be tested to find out whether or not tuberculosis germs are in the body. Tests will be given by Dr. E. C. MacDougall, Dr. Gerald S. Fagan, and Dr. John R. Marshall with the help of Mrs. Guy Nichols, R.N., and Miss Eileen Halpin, R.N., school nurses, and Miss Ann Butters, R.N., Wilmington Board of Health.

In this test, some clear fluid called tuberculin is injected between the layers of skin on the arm. If the arm shows a red, raised area two days later, this means that tuberculosis germs have entered the body from someone with active TB. A positive reaction does not mean that the child has tuberculosis, but a chest X-ray makes sure. It is most important that the child's family and close friends be examined to find the source of infection.

'This tuberculin testing program is one of the most effective ways to find new cases of unknown TB in the community,' said Mrs. Cummings. It is part of the many services made possible through Wilmington Christmas Seal funds to prevent and control this infectious disease both locally and throughout the Middlesex County area. The Wilmington School Department and the Board of Health are cooperating with the Wilmington Tuberculosis Committee, an affiliate of the Middlesex Health Association, to provide this tuberculin testing program.

SO- WHATS NEW?

Every week at the Selectmen's meeting, Frank Hagerty asks what is being done about repairing the police-fire station, and as yet the shoring holding the floor above the "Interrogation" room of our police department still stands.

Some months ago, the town voted to build a police station on Church Street. New ideas have come up, and in view of the Glen Road School Project which was started years ago, and not a shovelful of dirt turned yet, it's possible that the delay of the new police station is very likely.

Eight months ago the town voted to have a aerial ladder truck for the fire department, but that is still in the offing.

Why all these delays? Is our town so involved that it needs months to do what should only take weeks? More and faster action is needed and the public have a right to expect it.

WHY SO QUIET?

When urban renewal was first presented to the people of Wilmington, by our former town manager, it had the blessings of our top level officials. Somewhere along the line, the vines have grown sour grapes and obstacles are being placed in the paths of progress along these plans.

It appears that the time of dissension started at the time that the W.H.A. made it known that they would set up their own board in regards the managing of the project. This decision evidently found no favor in the eyes of the town officials, or at least certain ones, and since then, even while our W.H.A. is steadily coming along, rumors creep in that the project is doomed.

If that is so, the town of Wilmington will have no one to blame but itself. These plans certainly provide an answer to the problems of traffic central shopping area, and a general cleanup of the Square.

This paper does not intend to answer all the questions being asked about Urban Renewal. These same questions were answered before by our former town manager, Courtney, - where is he now to speak for it?

GETTING THINGS STRAIGHT.

At a town meeting - two years ago - it was voted by the people, that a need for an urban renewal development project existed.

At a special meeting, some months later, the W.H.A. asked for and received \$1000 to enable them to prepare and submit an application for the project.

Two weeks ago - one of several plans were presented to the public through the Crusader.

This plan, which is certain to be changed or corrected, showed a distinct and comprehensive picture of what is being done along the lines of Urban Renewal.

The entire project is definitely estimated to cost in the vicinity of \$750,000 of which the town will be expected to pay 1/3 of cost.

The W.H.A. does not, (definitely) intend to move Weinbergs Department Store, merely looking to change the approach.

The Middlesex National County Bank will not be moved.

The Telephone Co., Building is, as yet, undecided upon. However - any moving of that building that may be done, will be expected to be done so at the Tel. & Tel. expense.

There is definitely no intention of lowering tracks of the Railroad, nor is the lowering of Burlington Ave., bridge or grade approaching entertained. The W.H.A. main objective would be to widen approaches to the bridge and the widening of the bridge itself.

The town would be paid in full face value of the Highway department Garage and the Walker School, in itself, may be possible to regain enough money to pay entire cost of town expense as Urban Renewal.

Urban Renewal, in effect, will decide a site, provide utilities once and otherwise prepare the area for resale, to individual, developer - or both.

BLITZ PARTY TUESDAY

The regular weekly Blitz Party at St. Dorothy's Hall will begin at 8:15 on Tuesday evening, Dec. 2.

Members of the parish have extended a cordial invitation to the public to attend. Following the games, refreshments will be served.

WHIST PARTY FRIDAY

Mrs. James Farrell and Mrs. Nellie O'Riley, co-hostesses of this Friday's whist party at St. Dorothy's Hall, have cordially invited the public to attend.

Many fine prizes will be awarded the lucky winners and refreshments will be served.

THAT BIG GREEN DOOR OF THAT LITTLE BROWN ROOM

A few months ago, Legislature passed a bill, opening the closed door executive sessions between town and city officials. This act could be, with few exceptions, applied to good advantage here in our own little town.

Anything that is being planned by our town officials, any thing that in any way affects our tax dollar should be made public to you, the taxpayers.

Last Monday evening the Permanent Building Committee asked for and received permission for a closed meeting with our Board of Selectmen. An IDEA, for want of a better word, was presented to the Selectmen by the building committee showing a possible new town hall, new police station and public library. Nothing definite, mind you, just ideas. Of course there were copies of this idea, one of which appeared on the front page of the CRUSADER.

LIKE MIGHTY OAKS FROM LITTLE ACORNS GROW
WHO KNOWS BUT WHAT THESE IDEAS TOO?
AND LIKE THE ILL WINDS THAT BLOW--

THERE GOES YOUR DOLLAR--
AND HOW ARE YOU?

Certain officials were annoyed that one man on the Planning Board had the guts to release the sketch of what was being discussed behind closed doors. Would that there were more like him.

This IDEA could possibly grow into a recommendation then a proposal--where then would Urban Renewal officials look for a relocating area?

This paper has repeatedly asked the Chairman of the Board of Selectmen to grant a half hour or so each meeting for a press conference and allow questions to be answered, questions that the public feels should be public. This would certainly eliminate the practice of exclusive news releasing.

At present, just who you are and who you know--does or does not make good copy.

AMERICAN LEGION WHIST A SUCCESS

The Whist party held by the Legion Post No. 136, last Thursday night was termed a huge success.

A crowd of 116 attended, and there was a fine array of prizes. There were many people from out-of-town who attended, including some from as far away as Danvers.

The names listed below are a few of the many, many winners. The door prize was won by Mrs. Isabel Pellerin of Burlington Ave. The whist winners were: Top score, Florence Pate. Others were: Theresa Landry, Barbara Jackson, A. M. Parker, Robert Peters, Lena Komke-vitch, A. J. Hausewirth, Ruby Mercer, James Fairweather, A. Connors, V. Ryan, Henry Moriarty, Diane Hausewirth, Paul Coolidge, Rita Levacchia, and Gladys Babine.

The drawing for the turkeys was called, and seven people went home with turkeys.

A fine selection of cup cakes was served with coffee and tea.

Mr. Frank Tebeau, and his committee wish to thank all those who donated and participated in any way to make this a success.

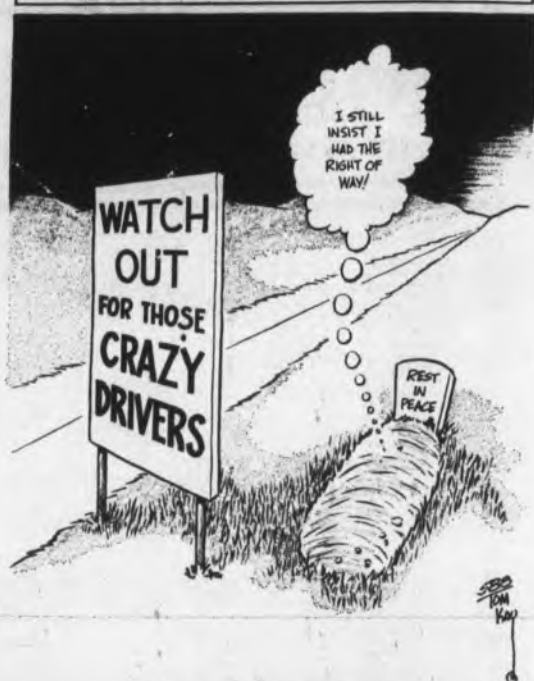

The total proceeds of the whist will be used for the Christmas Basket Fund.

FIREMEN'S ASSOC. TO MEET TUESDAY EVENING

Books are now in circulation for the huge Christmas drawing, proceeds from which will be used to fill Christmas baskets for needy families.

John C. Holloway, President of the local chapter, requests that all the townspeople shop here in Wilmington this Christmas Season. This request is made due to the fact that the only way our shopping center can grow is to patronize it. Through the past years a lot of Wilmington Citizens have not even given our shopping area a chance to serve them, so we of the Jaycees extend our invitation to shop locally and see this lighting project grow from year to year.

Help us to help you! If you care to donate to this lighting project, send your check to P.O. Box 203, No. Wilmington, Mass.

ROTARY CLUB NEWS

The weekly meeting of the Rotary Club was held last Wednesday at the Masonic Hall, with president Henry Foster presiding. After a salute to the flag led by Ralph Swanson, the president called upon Stanley Cummings to offer the invocation.

During the luncheon, music was rendered by Dominic DeGrazia, Violinist; Miss Lorraine Nalil, at the piano; and Paul Ciano, who gave several vocal selections. This musical group is connected with the Wilmington School System, and were secured through John Collins, and his Committee.

The President turned the meeting over to John Gleason, who was program chairman of the day. Mr. Gleason escorted outgoing secretary, Stanley Cummings to the center of the head table, where he informed the group that Mr. Cummings had resigned to accept a pastorate in the Western part of the state. He also gave a review of the many highlights of the outgoing secretary. He called upon the following past presidents for a few words: Harry Huntley, Dr. MacDougall, Guy Nichols, Herb Pickering, Henry Porter, Earl Sylvester, Adrian Durkee, and Steve Bean.

He also called upon past Rotary Governor Ken Faulkner. They all spoke of the wonderful work that Stan had performed for the club, and how he will be missed. Chairman Gleason then presented Stan with a four way plaque and wallet containing a sum of money. The ceremonies were closed by the President informing Mr. Cummings that the Board of Directors had elected him as an honorary member.

Mr. Cummings was overwhelmed by such a manifestation of appreciation, and in turn thanked the group, stating "that this is perhaps one of the highest experiences in my life."

After the Rotary meeting, a meeting of Rotary Park was held. John Gleason was elected to fill the vacancy of Rotary Park secretary, due to the resignation of Mr. Cummings. The group voted to allow the Wilmington Skating Club the use of their skating rink, so the N.E. Championship meet can be held in Wilmington.

Re. above: "gentle hands and face framing curls add a note of becoming elegance to this soft and airy coiffure designed for empire fashions."

HAPPY THANKSGIVING

A MIXED-UP KID? Not so much as he is a mixed-up dressed boy as he goes about in Korea. With worn heavy jackets, ragged knitted trousers and an M.P.'s hat with earflaps—his bare feet are covered by thin slippers! Both the weather and terrain in Korea are rugged. Wearable used clothes, shoes, blankets, are in great need by youngsters and adults alike. Many millions of pounds of clothing and shoes have been sent to the needy in Korea by Catholic Relief Services but much more is needed. Your contributions of these supplies to the annual Bishops' Thanksgiving Clothing Collection will help. Give what you can to the local Catholic church.

J. B. Phillips:

Just as you received Christ, so go on living in him — in simple faith. Grow out of him as a plant grows out of the soil it is planted in, becoming more and more sure of the faith as you were taught it, and your lives will overflow with joy and thankfulness. Be careful that nobody spoils your faith through intellectualism or high-sounding nonsense.

King James:

(Colossians II, 6-8) As ye have therefore received Christ Jesus the Lord, so walk ye in him:

Rooted and built up in him, and established in the faith, as ye have been taught, abounding therein with thanksgiving.

Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and not after Christ.

Noise--comparable to a million automobile horns blaring at a listener twenty feet away--is made by Avco Manufacturing Corporation's new acoustic noise generator, shown here being tested by an engineer. Designed by Avco's Research and Advanced Development Division to simulate the noise of a mighty rocket engine in the laboratory, the noise generator is helping to test critical components that will go into the Titan and Minuteman ICBM nose cones that Avco is developing for the Air Force.

NOISE MACHINE, TESTS MISSILE PARTS IN AVCO LABORATORY

Ear-splitting sound--comparable to a million automobile horns blaring at a listener twenty feet away--is being used to test nose cone parts for the Titan and Minuteman Intercontinental Ballistic Missiles.

Scientists of Avco Manufacturing Corporation--prime contractor for the Titan nose cone--revealed today development of a powerful loudspeaker system which duplicates in the laboratory the extreme noise level a missile encounters in flight.

Sound vibration is one of the hurdles the nose cone of an ICBM must overcome in order to re-enter successfully the earth's atmosphere and proceed to its target, the Avco scientists report.

Delicate electronic gear within a missile can be sent awry by these sound vibrations from the start of its flight. The roar of the rocket engines gives the internal mechanisms of the nose cone a first severe test. In addition, Avco says, the nose cone possesses a vast amount of kinetic energy in its downward plunge, and some of this energy will be dissipated as sound when the nose cone re-enters denser air from the near-vacuum of space.

Such high noise levels are being reproduced at Avco's Research and Advanced Development Division at Wilmington, Mass., to study the effect of sound on missile components. Since it is impractical and expensive to operate rocket engines in the laboratory, Avco scientists developed an electronic loudspeaker device called an acoustic noise generator--to simulate rocket engine noise.

The Avco acoustic noise generator can produce more than 163 decibels--a unit for measuring the intensity of sound. The human ear cannot hear noise of this intensity, but it would cause unbearable pain and the ear drums would split. Noise at 120 decibels is usually described as deafening and between 130 and 140 decibels sound would start to become painful.

Sound waves have figured importantly in missile re-entry work because effects of these vibrations generally have not been known. Part of the task of Avco scientists has been to determine what such super-noise does to missile components.

Components to be tested using the Avco device are placed in a tube attached to the generator. The sound wave is then sent down the tube and absorbed at the opposite end.

Large components are placed in a concrete chamber and sound waves bounce from the surfaces passing over the subject under test. The test will show quickly mechanical fatigue and failure of the component, the scientists state.

Specific details of what has been discovered remain classified at the present time.

Avco was permitted by the Air Force sixteen months ago to reveal a theoretical solution to the important problem of finding a way for an ICBM nose cone to re-enter the earth's atmosphere without burning up because of frictional heat.

The company this year also was selected by the Air Force to develop the nose cone for the new Minuteman solid-fuel ballistic missile.

TROOP 59 ENJOY HIKE

On Saturday, Nov. 22, troop 59 went on a hike to 40 Acres under the direction of Mr. Arthur Milley.

There were 18 boys in attendance, and the feature of the day was to teach the boys to cook for themselves. They cooked their own lunch and relished it thoroughly.

Troop 56 also joined troop 59 and at 3 o'clock they had a flag raising ceremony.

The scouts encountered a few flakes of snow.

On Nov. 14, Pack 59 Cub Scouts held their pack meeting and a good time was had by all. New members inducted by Candle Light ceremony were: Jimmy Coleman, Donald Garland, Henry Findlay, Robert Bickford, John Cheever, Ronald Thomas, Phillip Fenton, Dennis Fenton.

Next in order was the presentation of awards earned by the following cubs: Mark Di-Campo, Denner's Stripe; Donald Varley, Wolf Badge, Thomas Durant, Gold Arrow on Wolf Badge; Paul Theriault, Gold Arrow on Wolf Badge; Dexter Atkinson; Silver Arrow and Gold Arrow on Wolf Badge; Edgar Miller, Wolf Badge; Arthur Findlay, Wolf Badge; Robert Smith, Wolf Badge.

Roll Call and informal uniform inspection followed, then a count of hands for the Honor Den Pennant. Den 3 and Den 6 tied with 16 each.

After a round of singing, a skit was put on by Den 3. Here the Old U.S. Frigate Constitution fought a daring sea battle with a British Man of War, complete with boarding parties. Despite a broken mast early in the engagement, the Constitution came out victorious with the Captain holding his flag high.

A hard hitting speech by District 3 Commissioner, Cliff Polkin, apparently produced results, as I saw Cub Master, Sid Kaizzer, busily signing up Committeemen. There is still a need for more committeemen, however, so don't hold back. Help your boys along the Scout Trail. Den Mothers are badly needed.

Last came games and refreshments and I know I went home with a feeling of having been a part of a good cause. Try it yourself sometime.

Don't forget the weekly whist party held by the Grange at the Grange Hall on Thursday nights. No whist held on Nov. 27, the next will be held on Dec. 4.

BUILDING PLANS BEING FORMULATED IN ST. THOMAS' PARISH

Gratitude is extended to the hundred parishioners who came out last Thursday evening to express their ideas on a new church and school.

The men's and women's councils and officers of the parish organizations were asked to form a parish council. They are requested to meet on Dec. 2 to help us complete our building plans and help to enable our parish endeavors to succeed.

All interested parishioners are invited to attend this meeting, particularly those who have been experienced in the building field.

NO RELIGIOUS INSTRUCTION CLASSES AT ST. DOROTHY'S

No religious instruction classes will be held at St. Dorothy's this week. Parents of Wilmington children should see to it that their boys and girls attend their release time classes. Many students have been deliberately missing these instruction periods.

HELP ONE OF ST. THOMAS' ALTAR BOYS TO WIN A BICYCLE

Please purchase your buffet ticket now and help an altar boy to win a bicycle by returning your donation back as soon as possible.

Next Sunday, all altar boys except those serving the 7 and 8 o'clock Masses, will receive Holy Communion at the 9 o'clock Mass. All CYO members will receive Holy Communion at the 10 o'clock Mass.

RELIGIOUS ARTICLES ON SALE IN ST. THOMAS' PARISH

The Infant of Prague statues and other religious articles on display in the church may be purchased at Villanova Hall after Mass next Sunday.

Proceeds from the sale of these articles will enable the CDA to purchase materials for the missions.

This sale will give you a fine chance to do some "advance" Christmas shopping.

"THE PRINCE OF PEACE IN A WARRING WORLD" SERMON THEME AT METHODIST CHURCH

At the service of worship in the Wilmington Methodist Church on Sunday, Nov. 30 at 10:30 a.m. the Rev. Richard E. Harding will preach on the topic: "The Prince of Peace in a Warring World." Mr. Harding will deal with the necessity of applying the principles of Christian Ethics to the present discussion in the United Nations and Geneva relating to the control and experimentation of nuclear power. During the service of worship the sacrament of Infant Baptism will be observed and parents planning to have children baptised will contact Mrs. Richard Wright in order that necessary plans may be made at this time.

A report of the Loyalty Visitation program will be given by William Stickney, General Chairman of the program this year. As this Sunday begins the Advent Season, families of the church are encouraged to make every effort possible to worship each Sunday up through Christmas Sunday, the last Sunday in Advent.

ST. DOROTHY'S PARISH FORMS ACTORS GUILD

The newly formed Actors Guild of St. Dorothy's Parish will meet each Sunday afternoon at the hall at 2:30.

The first production which is now being formulated on promises to be one of the most enjoyable presentations ever shown in our area. A tentative date has been set for early February. Watch this paper for further details.

Volunteers are still needed for stage hands and acting parts. All those interested men are invited to attend the meeting this Sunday.
